

Small Entity Claim Form

April 13, 2004

To: The United States Patents and Trademarks Office (USPTO)

From: David Lonadier, inventor of the attach and carry bamboo handle for grocery and other shopping bags

Dear Sir/Madam of the USPTO:

After reading the appropriate USPTO documentation defining a small entity, I David Lonadier believe that I am entitled to claim small entity status. I am a sole inventor. I'm not associated with a large entity, nor am I assigning this invention to such. This is my first invention and the first patent that I'm applying for.

Sincerely,

  
David Lonadier
